

KEEP'EM CLEAR

If there's a fire hydrant near your house, help keep it accessible this winter:

DO YOUR PART SO THEY CAN DO THEIRS

Winter is upon us. If you are able, please help those that are unable to scoop or blow their sidewalk, clean snow from the fire hydrant, or remove snow from their mailbox area. Thank you for being a good community member!

Protect Your Mailbox!

Mailboxes that protrude into the street are hard to avoid with a snowplow. Therefore, our Public Works Department asks for your cooperation in maintaining mailboxes that are the appropriate distance from the curb.

Please follow the diagram when installing a mailbox, as recommended by the United States Postal Service and by the Minnesota Department of Transportation. Also, please put the newspaper box along the side of your mailbox – not underneath the mailbox.

If your mailbox is already installed, check to make sure that it falls within these standards.

Your assistance with this matter is greatly appreciated!!
